Second ...

This book constitutes the refereed proceedings of the Second International Conference on Advances in Communication, Network, and Computing, CNC 2011, held in Bangalore, India, in March 2011.

Information Technology | SAIT, Calgary, Alberta

The Information Technology program encompasses four majors: Computer Systems, Network Systems, Software Development and Telecom Systems. The first semester is common to all four majors. It is a full-time, two-year diploma program. This program utilizes an e-learning (SAIT issued laptop computer) instructional delivery method.

What Can I Do with a Computer Network Technology Degree?

A degree in computer network technology can prepare you for a variety of careers, such as computer and information systems management, computer systems analysis, network and computer systems administration and computer network architecture. Read on to learn about the education needed for each of
