Good Products, Bad Products: Essential Elements to ...
'Good Products, Bad Products' was a book I won from a giveaway on Goodreads. This book was a very interesting read. I as a person who does not think about all the aspects that need to go into creating a good product, this book opened my eyes to that. The author does a nice job of explaining the many aspects of a quality product. James L. Adams makes me want to put on my engineering cap and ...
