20 Powerful Strategies in Building Resilience in Children

Building resilience in children. Building small humans into healthy, thriving big ones isn't about clearing adversity out of their way. Of course, if we could scoop them up and lift them over the things that would cause them to stumble, that would be a wonderful thing, but it wouldn't necessarily be doing them any favours.

Resilience and coping strategies in adolescents

Resilience and coping strategies in adolescents Abstract Resilience has gained considerable attention over the past four decades since researchers observed that children and youth could cope and adapt in spite of adversity.

Adolescence is considered to be a period of vulnerability for most individuals as they often partake in risky behaviour. Using multiple databases and inclusion criteria, a
