...  
Emerging markets have received a particular attention of  
academic researchers and practitioners since they decided  
to open their domestic capital markets to foreign  
participants about three decades ago. At the same time, we  
remark that theoretical and empirical research in emerging  
stock markets

At the same time, we remark that theoretical and empirical  
research in emerging stock markets has been particularly  
challenged by their fast changes in nature and size under  
the effects of financial liberalization and reforms.
