The Rise of Big Business: 1860 - 1920 by Glenn Porter  
Note: This review is of an earlier edition - The Rise of Big Business, 1860-1910, and does not reflect any changes contained in more current editions. This was a fantastic overview of the beginnings of big business in the second half of the 19th century, with well-placed insights regarding a few decades before and after.

The Rise of Big Business: 1860 - 1920, 3rd Edition | 19th ...

The fundamental and explosive changes in the U.S. economy and its business system from 1860 to 1920 continue to fascinate and engage historians, economists, and sociologists. While many disagreements persist about the motivations of the actors, most scholars roughly agree on the central shifts in technologies and markets that called forth big business. Recent scholarship, however, has revealed important new insights into the changing cultural values and sensibilities of Americans who lived

The rise of big business also resulted in the creation of a new role for government as "watchdog of the private sector." This was the spirit of progressivism finally exerting itself in the corporate world; something which Porter believes it rarely did. He views the rise of big business as not only being independent of the progressive movement, but bordering on the inevitable. As such, it was **The Rise of Big Business - 1860-1920, by Glen Porter ...** In his book, The Rise of Big Business- 1860-1920, the author Glenn Porter has illustrated how the period between 1860 and 1920 has brought about drastic economic growth in the history of the United States and how this big boom

in the business and financial infrastructure has
