Third world | Define **Third world** at Dictionary.com
third world Underdeveloped or developing countries, as in The conditions in our poorest rural areas resemble those in the third world. This expression originated in the mid-1900s, at first denoting those countries in Asia and Africa that were not aligned with either the Communist bloc nations or the non-Communist Western nations.

Summer 2012 : S2 : AP/SOSC3101 3.0A

Health for the Third World population means the right to survive, and to live without the constant menace of illness or dying from preventative, contagious diseases.
